Professional Summary

Passionate Computer Engineering student with a strong interest in software engineering, distributed systems, and scalable application development. Proficient in JavaScript and full-stack web development with experience building backend services using Node.js, Express.js, and MongoDB. Strong understanding of data structures, algorithms, and core computer science fundamentals. Actively building real-world projects and exploring Artificial Intelligence and modern software development practices.

Technical Skills

Programming: Python, Java, C, JavaScript

Web Technologies: HTML5, CSS3, JavaScript

Backend & Database: Django, Django REST Framework (DRF), Node.js, Express.js, MongoDB, SQL

Core Concepts: Data Structures & Algorithms, OOP, DBMS, Operating Systems

AI & Tools: Artificial Intelligence (Basics), Prompt Engineering, ChatGPT, Generative AI

Tools: Git, GitHub, REST APIs (Basic), VS Code, IntelliJ

Project

Full-Stack E-Commerce Platform (In Development)

- Developing a full-stack e-commerce application with product management, authentication, and shopping cart features using Django.
- Implementing RESTful APIs with Django REST Framework and integrating frontend with backend services.
- Managing database operations using PostgreSQL for efficient data handling.

Car Auction System (Django-Based Web Application)

- Built a car auction platform enabling users to list vehicles and participate in bidding.
- Implemented user authentication, bidding logic, and auction time management using Django.
- Designed database models for cars, users, bids, and auction history.

Personal Portfolio Website

- Designed and developed a responsive portfolio website using HTML5, CSS3, and JavaScript.
- Showcased projects and technical skills with clean UI and optimized performance.
- Integrated GitHub links and contact functionality.

Education

Bachelor of Engineering (B.E.) in Computer Engineering

Savitribai Phule Pune University (SPPU)

2024 – 2028

Dr. D. Y. Patil College of Engineering and Innovation, Pune.

Academic Performance:

- Semester I: 8.55 SGPA
- Semester II: 9.33 SGPA
- Semester III: 9.23 SGPA

Higher Secondary Certificate (HSC – 12th): 73%

Secondary School Certificate (SSC – 10th): 80

Additional Information

- Actively seeking internships, live projects, and software development opportunities.
- Strong interest in AI, Full-Stack Development, and Startup Ecosystem.
